RESEARCH/TEACHING EXPERIENCE

Institute for Advanced Technology in the Humanities   Charlottesville, Virginia
Graduate Research Assistant   January 2019 - Present
The Jefferson's University—Early Life Project, 1819-1870 seeks to document the early history of the University of Virginia. In my role as a research assistant, I identify, transcribe, and edit documents associated with the University and the wider Charlottesville community in the nineteenth century. I have also authored numerous essays for the project (publicly available at *juel.iath.virginia.edu*) which explore the lives of students, faculty, and enslaved workers at the University throughout the antebellum period.

John L. Nau III Center for Civil War History   Charlottesville, Virginia
Graduate Research Assistant   February 2021 – May 2021
The John L. Nau III Center for Civil War History promotes scholarship, teaching, and public outreach regarding the United States in the era of the Civil War. As a graduate research assistant, I have created lesson for plans for the high school level relating to the Center's *Black Virginians in Blue* project.

Princeton University History Department   Princeton, New Jersey
Post-baccalaureate Research Assistant: April - August 2018
This project documented the correspondence of major figures in the Republican Party leading up to the elections of 1856. My research focused on the work of Senators Benjamin Wade and Lyman Trumbull and their political allies in the Midwest. The transcriptions and annotations compiled form a source base for a forthcoming book by Dr. Matthew Karp (Associate Professor of History, Princeton University).
